## Viking

### MACS Turnout Gear

- Turnout gear that's got your back.
- The increased cancer risk among firefighters is a major concern all over the world – and when you are out on a call, your turnout gear is often exposed to dangerous particles.
- Viking has developed and tested a tactical solution for the next generation of protection, with the new MACS gear, you remove the contaminated outer shell after putting out the fire, leaving the liner as a wearable and weather protective suit for the road home.
- Personalize your gear like never before!
- Inspired by the flexibility of modern combat gear, Viking MACS has a modular personalization system of webbed loops, allowing you to place pockets, pouches, or other accessories right where you want them.

502004

**Haix****Fire Hunter Boots**

Perfect choice for a tight budget! Waterproof and breathable leather with sun reflect.

Item #	Price
502004	\$345.80

501605

**Haix****Fire Hunter Xtreme Boots**

The service boot that has the comfort of a lace boot. Waterproof and breathable and offers chemical and blood borne protection.

Item #	Price
501605	\$432.50

507502

**Haix****Fire Eagle Air Boots**

Today's fire ground is not the same as those of the past. Lighter weight building materials makes for structures that can be more unstable and require quick changes in response. The new Fire Eagle® Air sets the standard for the modern-day firefighter.

Lighter in weight and slimmer in design than all of its predecessors, the Fire Eagle® Air has an athletic fit and feel, yet offers the highest degree of protection when on the frontline of a firefight. Fire Eagle® Air will keep you lighter and quicker on your feet and more responsive to the fire. From the very first step in the Fire Eagle® Air you will feel that rare combination of comfort and safety that is the hallmark of a HAIX® boot.

Item #	Price
507502	\$454.15

0912

**Black Diamond****X2 Leather Boots**

Removable insoles accommodate medium, wide, and extra wide widths in one boot size. A 3-point heel locking system reduces heel slippage to increase mobility while keeping your foot in place. The footbed is made with TPU heel cradle for comfort, anti-odor, anti-fungal, breathable and shock absorption for overtime comfort.

Item #	Price
0912	\$347.00

507101

**Haix****Fire Hero Xtreme Boots**

Features an ankle flex system for foot and ankle support. Extremely slip resistant and has comfortable bootstraps and padded shins.

Item #	Price
507101	\$462.80

605128

**Haix****XR1 Pro Airpower Boots**

Developed with first responders in mind, these wildland, EMS, and USAR boots can take you to the front line and back with the comfort you need.

Item #	Price
605128	\$337.15

506005

**Haix****Fire Flash Xtreme**

Fire Flash Xtreme is a great alternative for those hard to fit guys who have trouble stepping into pull on bunker boots. These structural fire boots can accommodate wider calves and/or ankles with its adjustable built in lacing system. With the easy run lace/zip system, you can be assured that you can step quickly in and out, especially with the added pull tab at the back. Flex zone construction around the tongue ensures you will still have the flexibility to perform the job at hand.

Item #	Price
506005	\$475.80

9451

**Black Diamond****Rubber Boots**

Designed for maximum comfort and an accurate fit. The Enersole System includes a high-density polyurethane midsole that absorbs energy. The second layer of comfort includes an Ortholite breathable polyurethane footbed that provides all-day comfort. The footbed fabric cover absorbs perspiration and is removable for fast drying.

Item #	Price
9451	\$208.00

111011

**Haix**

**Missoula 2.1 Boots**

The new Missoula 2.1 is up to that task and more and is certified NFPA 1977 for wildland fire-fighting. The HAIX® Missoula 2.1 NFPA hiking boots for wildland firefighting were built to meet the exacting demands of the wildland firefighter.

Item #	Price
111011	\$325.00

330016

**Haix**

**Black Eagle Athletic 2.1T Low Shoe**

The new Black Eagle Athletic 2.1T Low version has an extremely breathable, softer microfiber design that will keep feet drier and more comfortable even after long hours in the heat. HAIX® has also given the lace pocket flap on the tongue a more streamlined look, allowing the laces to be stored tightly and out of the way so they don't get caught up and become a tripping hazard. And because it's metal free, you can wear it anywhere even when working around metal detectors.

Item #	Price
330016	\$127.20

620006

**Haix**

**Black Eagle Safety 52 Mid Shoe**

The lightest safety shoe from Haix®, the Black Eagle Safety 52 includes sun reflect technology that reflects the sunlight to reduce the heating effect of the upper leather and keep your feet cool. A breathable, moisture-wicking insole adds more cushioned comfort to these boots. Pronation support helps your lower leg handle shock by following the natural movement of your foot while you walk or run. Waterproof leather construction features a durable slip-resistant sole for heel-to-toe control in all climates.

Item #	Price
620006	\$220.15

BOPS6001

**Black Diamond**

**Battle Ops 6-inch Waterproof Tactile Boot**

Battle-OPS offers a new station boot that is waterproof, but it lets your feet breath. It offers heel comfort pods to secure the ankle for a perfect fit, it also has removable inserts and provides more toe room for comfort. The toes on these boots are easy to polish for uniform coordination. The boots are approved by the American Podiatric Medical Association.

Item #	Price
BOPS6001	\$90.95

06004

**Icetrekkers**

**Diamond Grips**

Diamond Grips provide aggressive traction for all winter walking conditions. They are also effective when transitioning through gravel, rock, and mud from icy surfaces. Made of case hardened steel alloy, and

strung on steel aircraft cable, the patented Diamond Beads have hundreds of biting edges that grip in all directions. The bead assemblies are riveted to a tough rubber sling which remains elastic in subzero temperatures. They are easy to put on and take off, yet fit snugly and stay on without the need for additional straps. Diamond Grips are also self-clearing, so there is no snow or ice build up.

Item #	Size	Price
06004	5-6	\$45.50
06005	6.5-9	
06006	9.5-12.5	
06007	13 - up	

06060

**Icetrekkers**

**Chains**

Icetrekkers Chains are like tire chains for your feet, perfect for all ice and snow conditions. Chains can be used on a variety

of footwear and are comfortable for extended wear. The square links are individually TIG welded and made from casehardened steel, enhancing traction on ice while still providing dependable traction on snow. The durable rubber sling is flexible in sub-zero temperatures and stays securely on footwear even in deep snow.

Item #	Size	Price
06060	5-6	\$25.50
06061	6.5-9	
06062	9.5-12.5	
06063	13 - up	

FC-P5000

**Firecraft  
Phoenix Structural  
Glove**

The Phoenix Structural Glove has a secure grip, wet or dry. The Fas-Dri leather assures rapid drying after use and allows gloves to remain supple.

Features a Porelle FR moisture barrier. Lifetime warranty on workmanship and materials. Available in cadet sizes and also available with Kevlar wristlet. Sizes: XXS-3XL

Item #	Price
FC-P5000	\$95.00

**Firecraft  
FireGrip Structural Glove**

FC-P4000

Independently Certified Moisture Barrier – Our Porelle® FR moisture barrier is independently certified by SEI to be compliant with 1971 NFPA Standards, 2018 edition. It allows your hands to expel moisture and still protects them from chemicals and blood-borne pathogens.

- TPP exceeds 60
- Great dexterity
- Excellent thumb rotation
- Minimum seam stress in the palm
- Available in cadet sizes
- Cowhide leather
- Sizes: 2XS – 3XL.

Item #	Price
FC-P4000	\$83.00

**Firecraft  
Flame Structural Glove**

FC-1000

Our longest lasting fire glove. An all-fabric glove of Kevlar® and Nomex® that will withstand numerous washings, which are now more common as the result of cancer mitigation protocol. Sizes: XXS – 4X.

Item #	Description	Price
FC-1000	Gauntlet	\$118.00
FC-1000W	Kevlar Wristlet	\$120.00

FC-87

FC-87W

**Firecraft  
Wildland Glove**

Specially treated leather that dries soft and pliable. Made with reversed seams to minimize chafing and virtually eliminate the development of blisters during prolonged wearing. An inset Kevlar® knit wristlet keeps debris out of glove and an elastic snugger on the back of the wrist enhances dexterity. Lifetime warranty on workmanship and material. NFPA certified. Sizes S-2XL.

Item #	Description	Price
FC-87	Gauntlet	\$41.50
FC-87W	Knit wrist	\$43.00

GFA-GA-1212

GFA-KW-1212

**Veridian  
Fire Armor Gloves**

A true three-dimensional glove with a curved finger design with inset 2-piece thumb. 100% waterproof with viral and chemical penetration resistance and blood borne protection. The one-piece back shell is made from FR and Kevlar knit fleece fabric with exceptional flexibility across the back of the hand. A non-restricting Eversoft® leather knuckle band is sewn across the back for added knuckle protection. Elastic is sewn into wrist crease for close fitting cuff.

Item #	Description	Price

4579-YF

**Scotty**

**Super Spanner Wrench**

A durable, lightweight wrench used to tighten and loosen larger size fire hose couplers. Designed for use on swivel hose fittings and anvil lug couplers ranging from 3" up to 7" hose lines and most Storz fittings. The wrench can also be used to operate standard 1.5" and 1.25" pentagon fire hydrant nuts. The tool will also open standard 70mm caps on 5-gallon foam concentrate pails and the large and small threaded plugs on 55-gallon drums.

Item #	Price
4579-YF	\$24.50

**R&B Fabrication  
Hydrant Tool Bags**

Holds your hydrant tool and related items. Attaches to the hydrant end of hose and does not need to be removed when charging the line, as the straps are made of 2" webbing and Velcro and will attach to 2½" - LDH hose.

Item #	Description	Price
440YL	Hydrant Tool Bag	\$40.65
441YL	Oversized Hydrant Tool Bag	\$48.10

900A

#### Booster Reel F4000 Series

- Holds 100' of 1" or 200' of ¾".
- Pressures to 1000 psi.
- Power rewind supplied with comet brake.
- Compact reels.

Item #	Description	Price
F4038-17-18	F4000 Series Manual Hose Reel	\$470.00
EF4038-17-18	F4000 Series Electric Rewind Hose Reel	\$930.00

## Harrington Hose Washers

Accommodates hoses up to 5" using incoming inlet pressure of only 60 PSI. Self-feeding design.

Item #	Description	Price
HHW-300	Washes up to 3" Hose	\$678.00
HHW-500-25NH	Washes up to 5" Hose	\$1,032.00

## Ready Rack Hose Winder

Hose winder fits mobile, stationary or fixed racks. The winder is for 1" to 4" hose. It winds tight coils or donuts, with the roller guide removing air and water as the hose is rolled. It saves time and manpower with its one-person operation. When the winder is not in use, it collapses to less than 6" deep. Fits racks with 2 1/2" square tube frame.

Item #	Description	Price
HW-1	Hose Winder	\$602.00
TM-2	Trailer Mount	\$158.00

## Ready Rack Hose Washer

The hose washer has no pedals to hold down, resulting in an easy one-person operation. Drive motor powers the washer brushes and exit squeegees for an automatic feed. The water boost pump pressurizes a standard

garden hose to 300 psi for powerful cleaning. Two 10" Nylon Scrub Brushes provide a deep and thorough scrubbing. With a speed of 25 ft./min and the ability to wash and rinse in one process, there is a faster cleaning time. It cleans hoses up to 4" in diameter.

Item #	Description
RRHW	\$14,305.00

## Ready Rack

### Mobile Hose Carts

Save time and eliminate back strain from carrying hose. Four heavy-duty brake casters allow for ease of rolling and hold the cart in place when loading or unloading. Heavy-duty steel rails with a durable red powder coat finish.

Item #	Description	Price
HC-64-2T	72" Two Tier (holds 1,300 lbs.)	\$2,173.00
HC-64-3T	72" Three Tier (holds 2,000 lbs.)	\$2,505.00
HC-96-2T	104" Two Tier (holds 2,000 lbs.)	\$2,777.00
HC-96-3T	104" Three Tier (holds 3,000 lbs.)	\$3,380.00

## Ready Rack PPE & Hose Dryer

FH6G

MHD-42

- Custom built for firefighter turnout gear and hose to dry items that cannot be dried using a traditional tumble action dryer. Simple controls with factory-preset temperatures ensure proper drying temperature for each item. Made from heavy-duty steel with a white powder coat finish.
- Standard accessories include: 4 PPE hangers, 2 boot hangers, and 1 glove rack, which holds 26 gloves. Additional accessories available.

Item #	Description	Price
FH6G	PPE and hose dryer	\$9,397.00
MHD-42	Hose drying rack for PPEHD	\$829.00

HT50

### Flamefighter Hose Tester

- Complies with NFPA standards. A wheeled cart with a built in tool tray. The motor and pump can be removed from the cart for easy transport. It is made with stainless steel ball valves and fits a standard 36" doorway. Capable of testing up to 6" diameter hose. 3 gallons/min at 600 PSI and 300 ft. per discharge.
- A built-in pressure washer is optional and includes 50 ft. of 3/8" non-marking hose, quick release heavy-duty wand & handle, and a stainless steel nozzle with stream straightener.
- Hose Testers Without Pressure Washer.

Item #	Description	Price
HT50	1½" Fittings 4 Outlets	\$3,036.00
HT56	1½" Fittings 6 Outlets	\$3,536.00
HT5025	2½" Fittings 4 Outlets	\$3,125.00
HT5625	2½" Fittings 6 Outlets	\$3,616.00

JAFLINE HD

### ATI Hose Jafline HD Hose

ATI'S JAFLINE HD is a synthetic, double-jacket fire hose that is available in white, blue, yellow, tan, green, red and orange. JAFLINE HD has a rubber lining,

offering excellent resistance to ozone. This synthesized rubber is also more resistant to abrasion and oxidation than natural rubber. The outside jacket is impregnated with a high-tech polymer, offering excellent resistance to moisture and abrasion. JAFLINE HD is available in lengths of 50 and 100 feet and can be coupled with NST, NPSH or other, special order couplings. Shorter lengths are available by special order.

Item #	Dimensions	White (Price)	Color (Price)
HD150?050-NH150	1.5" x 50'	\$122.00	\$137.00

\*\*? in Item # denotes first letter of color\*\*

JAFRIB-LDH

### ATI Hose

#### JAFRIB LDH Rubber Cover Hose

ATI'S JAFRIB large diameter hose is a synthetic, single-jacket hose with a nitrile/PVC rubber lining and cover. JAFRIB is made in a single extrusion, eliminating the risks of jacket separation. The outside jacket offers superior resistance to acids, alkalis, oils, gasoline and ozone. JAFRIB is available in red and yellow, in lengths of 50' and 100' and can be coupled with NST, NPSH, Storz or other, special order couplings. Shorter lengths are available by special order.

Item #	Dimensions	Price
JR400?025-SZ400	4" x 25'	\$238.00
JR400?050-SZ400	4" x 50'	\$374.00

JR600?100-SZ600	6" x 100'	\$1,281.00

FOREST LITE

### ATI Hose Forest Lite Hose

FOREST LITE is a single jacket, circular woven, 100% high tenacity polyester hose intended for forestry and wildfire firefighting. It is available in 1" and 1 1/2" diameters, typically in lengths of 50' and 100'. It can be coupled with NH, NPSH, special threads or 1/4 turn. Field detachable couplings are also available for 1" hose. FOREST LITE meets U. S. Forest Service Standard F-187.

Item #	Description	Price
F1100W050-NH100	1" x 50' - White	\$57.10
F2100Y050-NH100	1" x 50' - Yellow	\$61.65
F1150W050-NH150	1.5" x 50' - White	\$78.40

ARMTEX HP

## ATI Hose ARMTEX HP Hose

ARMTEX is widely used by industrial fire brigades. The hose is made from 100% high tenacity synthetic yarn, circular woven and completely protected by an extruded through-the-weave synthetic rubber, forming a single homogenous construction without the use of glues or adhesives of any type. The ultimate tensile strength of the lining and cover shall be not less than 1,750 p.s.i., with an ultimate elongation of 450% minimum.

Item #	Dimensions	Price
HP175?050-NH150	1.75" X 50'	\$255.00
HP250?050-NH250	2.5" x 50'	\$339.00

## R&B Fabrication

### High Rise Hose Pack

423RD

A hose pack that allows one person to carry up to 150 ft. of 2" hose with nozzle and adapters for standard pipe hook-ups. The pack can also be used for wildland fires. Made of 1000 denier Cordura® nylon with web carrying handles and shoulder

strap for use as a backpack. 26"H x 18"W x 7"D. Wt. 28 oz.

Item #	Price
423RD	\$119.45

HSH-30-25NH-10

## Harrington

### PVC Suction Hose

Flexible suction hose with a 24% tighter bend radius. Long life due to high UV inhibitors. Clear PVC hose allows for visual indication of water movement. Coupling can easily be removed in the field with standard Allen wrench. The couplings are hard coated to Military spec Type III specification for added abrasion resistance. The construction of the hose also features beveled segment edges for easy loading into hose chutes.

Item #	Description	Price
HSH-30-25NH-10	3" x 2.5" NH rocker lug male x long handle female	\$198.00
HSH-40NH-10	4" x 4" rocker lug male x long handle female	\$388.00

HSH-60NH-10	6" x 6" rocker lug male x long handle female	\$550.00

ARMORED REEL

## ATI Hose

### Armored Reel Lightweight Booster Hose

ARMORED REEL is a semi-rigid hose that replaces the heavy red rubber booster hose that was traditionally in use. Its jacket is continuous high tenacity polyester in a plain weave combined with a rigid and heavy polyester helical interior reinforcement, yielding a lightweight, yet extremely durable booster line. ARMORED REEL is red or yellow and available in lengths of 50', 100', 150' and 200'.

Item #	Description	Price
AR100?050-NH100	1" x 50'	\$169.00
AR100?100-NH100	1" x 100'	\$304.00

ECO-10

### Key Hose

#### Eco-10 Attack Hose

Lightweight double jacket rubber lined attack hose. Made with a 100% synthetic all polyester double jacket and has thin wall high tensile EPDM rubber liner. A special reverse twill construction reduces friction loss by 25%. The hose is mildew resistant and there is a double dip Key-Lok process available.

Item #	Dimensions	White (Price)	Color (Price)
DP15-800-ECO	1.5" x 50'	\$130.00	\$149.00

### Harrington

#### Hose Rollers

HHR-1

HHR-2

Field tested hose roller with full 90 degree opening, flattens fire hoses up to 5" in diameter and squeezes out water, ice and air. 2-man hose roller can handle hoses 6" in diameter. The heavy-duty roller is made of aluminum construction but still lightweight, weighing less than 5 pounds. The roller measures 2"x4"x 22" long.

Item #	Description	Price
HHR-1	One Man Hose Roller	\$171.00
HHR-2	Two Man Hose Roller	\$150.00

DD-100

## R&B Fabrication Double Donut Strap

The Double Donut Strap holds two 50 ft. sections of 1¾" hose. It is made with heavy-duty nylon webbing and high-shear strength Velcro®. With the

strap, hose stacks and is compact enough to fit into compartments. The shoulder strap aids in carrying and deploying hose. Pre-coiled hose gives you the option to add on to an existing hose lay or reduce a larger line. The strap is adjustable from 42" to 50".

Item #	Price
DD-100	\$105.30

78

## Akron Hose & Ladder Strap

- Secures hose up to 3" on ladders, fire escapes, and more. Also aids in the handling of hose.
- Made with anodized aluminum fittings with

1" wide, flat, water-resistant nylon webbing. Fits ladder rungs up to 2" O.D. Weight: 1 lb.

Item #	Price
78	\$84.70

39540RF

## Flamefighter Folding Hose Bridges

- The hose and cable bridges are robust and resilient. The bridges come with tabs to prevent them from coming apart when laid out together. Both sides are held together with a non-rusting cable so that it remains elastic even on uneven ground.
- Made with twin channels, reflective strips, molded rubber, and puzzle locks. Economical hose line protection for up to 5" LDH hose line. The bridges are 12" wide and can be interlocked to almost any width.

Item #	Description	Price
39540RF	Set of 2, fits 3" – 4"	\$532.00

LDH-01-YL

## R&B Fabrication Large Diameter Hose Strap

The Large Diameter Hose Strap assists in getting large diameter hose off

the hose bed for attachment to a water source safely and allowing the engine to proceed for fire operations. Constructed of 3" nylon webbing, with a tensile strength of 22,550 lbs., and strong stitching with heavy brass rivets. A quick-release webbing strap allows for the strap to be secured to the engine's top grab bar. A heavy hook & loop closure with a zinc plated adjuster is used to secure the hose. Length: 60" Wt. 32 oz.

Item #	Price
LDH-01-YL	\$81.40

HS-150

## R&B Fabrication Hose Strap

Straps securely hold 100', 150', or 200' of 1¾" double-jacketed fire hose, the most commonly used attack hose in the fire service. Ideal for cross lays, quick attack

lines or standpipe operations. Strap consists of quick release Velcro® closures. With the strap, hose remains organized and ready for rapid and easy deployment. Once at your point of attack, straps can be opened and hose advanced. Know exactly how much hose you have, and how far you can go.

Item #	Dimensions	Price
HS-100	100' (adjustable circumference: 14"-24")	\$104.80
HS-150	150' (adjustable circumference: 14"-28")	\$107.40

HHGV-25NH-25NH

## Harrington Hydrant Gate Valve

This gate valve with a non-rising stem is excellent for hydrant and other water control. There is a spinning knob on the hand wheel for easy open/close, with a built in slow close safety operation. Lightweight anodized all metal corrosion resistance construction and a stainless steel spindle.

Item #	Price
HHGV-25NH-25NH	\$279.00

## Harrington

### Stainless Steel Piston Intake Valve with Relief Valve

Traditional piston intake valve design used for pumper intake control. Features a 30 degree integrated elbow, a field adjustable pressure relief valve, and an air bleeder valve. There is a stainless steel piston, sleeve, and spindle for corrosion protection or brass piston and sleeve for extra corrosion resistance.

HHBV-25NH-25NH

## Harrington Hydrant Ball Valve

Quarter turn, full flow, 2.5" ball valve for double dressing hydrants, tanker fill site, in line water flow control, or other portable uses. Lightweight durable ball valve, hard coated ball, full flow design, multiple portable uses for control of water flow.

Item #	Price
HHBV-25NH-25NH	\$318.00

**Akron** 7982

7983

### Revolution Intake Valve

The compact design of the intake valve saves valuable space on your pump panel. The hand wheel blends in with the body and will not obstruct surrounding equipment on the pump panel. It's also easy to grab and adjust, providing simple and easy operator control. Utilizing a ball sector for controlling water flow, the Revolution intake valve is reliable and robust.

Item #	Description	Price
7982	Revolution intake valve with 30° swivel elbow inlet	\$2,072.00
7983	Revolution intake valve	\$2,000.00

H200-50-25NH

### Harrington Ball Valve – 2 Way

This ball valve is for feeding two lines with one large line. A lightweight valve with powder coating for lasting finish. Hard anodized balls with stainless steel tappets for corrosion resistance. The design allows for feed from either direction.

Item #	Description	Price
H200-40-25NH	4"Storz x (2) 2.5"NH Male	\$475.00

Available in 2.5" or 3".

Item #	Description	Price
H30E-25NHM-25NH	2.5"NH Male x 2.5"NH Female Swivel	\$76.00
H30E-30NHM-30NH	3"NH Male x 3"NH Female Swivel	\$194.00

H201-25NH-15NH

### Harrington Leader Line Wye

Excellent for forestry and high-rise packs.

Item #	Description	Price
H201-25NH-15NH	2.5" F x (2) 1.5" M	\$373.00
H202-25NH-25NH	2.5" F x (2) 2.5" M	\$418.00

## Harrington Hydrassist Valve

For boosting pressure on long hose lays or for boosting low hydrant pressures. The lightweight hydrant valve enables the

first-in pumper to lay LDH directly from the hydrant to the fire and when hose lay is completed, start flowing water from the hydrant. If additional pressure is required, another pumper can connect to the Hydrassist valve and start pumping to raise pressure and flow without interrupting the established water supply. The valve provides an emergency shutdown capability.

Item #	Description	Price
H700-40-45NH	4.5"NH F Long Handle x (3) 4" Storz	\$2,043.00
H700-50-45NH	4.5"NH F Long Handle x (3) 5" Storz	\$1,958.00

## Protek Forestry Wye

Used to divide a single flow, allowing attack lines to be extended from a main supply line. They operate

easily even at high flows and have minimal friction loss. Male adapters are easily removed for seat adjustment.

## Harrington Elbow Storz x Female Swivel Rocker Lug

Short 30 Elbow adapter, hard anodized and powder coated for corrosion resistance and protection.

• Add \$15.00 for long handle.

### High Pressure S799 Cutter

S799HP

This tool loves getting its cutting blades around today's bigger, stronger steel with an 8.03-inch blade opening. It'll complete most B-post cuts with one bite. It also reduces tool swing challenges by cutting A and B posts from its easy-to-handle perpendicular angle. This cutter is so strong with a big bite that it gets an NFPA rating of 9 in all categories, making it the best in its class.

- Length is 32.6", Width is 11.5", Height is 7.4"
- Weight is 47.0 lbs
- Cutter Opening is 8.03"

Item #	Description	Price
272043000	Hurst HP S799 Cutter	\$8,074.00

**Confined Space Rescue Set**

Designed to provide a 2-person team with a set of equipment that allows for the rescue of victims in confined spaces.

Includes:

- (2) EOS headlamps
- (2) Vertex vent helmets
- (2) Pairs of leather gloves
- (2) Vanguard II rescue harnesses
- (1) Technician tripod with tripod bag
- (1) Petzl I'D belay device
- (1) ½" x 150' lifeline – blue
- (1) Technical rescue rigging plate
- (10) OD50 steel carabiners, screw gate
- (1) Remote retrieval hook
- 12' extractor pole
- Wide edge pad
- (2) 24" Red rope guards
- Medium rope bag
- Deluxe equipment pack
- (2) Large duffel bags

Item #	Description	Price
2998123	Confined Space Rescue Set	\$4,135.00

**JPZ**

**Grain Auger**

JPZ-AUGER

The auger stands out when on duty in rescue red. The Rescue Auger is to be used in grain bin/elevator rescue situations. If a person is trapped under grain, the Rescue Auger is used to auger out grain quicker than scooping to quickly free the trapped victim. The Rescue Auger should be used with a grain rescue tube. Once the tube is secure around the victim, the Rescue Auger can be placed in the tube and quickly expel the unwanted grain. The Rescue Auger is powered by any power drill. Weighing only 26 lbs, the Rescue Auger can expel grain at 1.5 bushels/minute. Easy to use with a variety of grain - corn, wheat, milo, soybeans - the Rescue Auger is a necessity for any, and every, rescue department.

Item #	Description	Price
JPZ-AUGER	Grain Auger	\$984.99

**Great Wall of Rescue**

**Grain Rescue Device**

Mill Finish

Red Tuff Kote

The Great Wall of Rescue was designed to adapt to a multitude of grain entrapment rescue scenarios. The lightweight wall sections are easily maneuvered and can be aligned to form a wall, a tube, or other irregular shapes depending on the rescue situation and the number of panels available. Anodized ball-and-socket joints ensure smooth panel connection, and the joint was specially designed to have some range of movement, adding to the variability in shape.

Item #	Description	Price
BASMILL	Basic Pkg - 6 Mill Finish Panels	\$2,140.00
SUPMILL	Supreme Pkg - 8 Mill Finish Panels	\$2,720.00
BASTUFF	Basic Pkg - 6 Tuff Kote Panels	\$2,470.00

## Rescue Tech

### R-ALF Rescue Kit

The R-ALF pulley is the latest innovation in rescue, confined space working, and work suspension systems. The R-ALF pulley has an over-speed break built in so that the pulley will lock and hold when a fall occurs. The load rated Becket eye on the R-ALF means that it can be used in combination with Prussik

pulleys to create a 3:1 or 5:1 mechanical advantage system. Kits are complete with rope for a 33ft lift.

29984313150

Item #	Description	Price
29984313150	3:1 R-ALF Kit	\$956.00
29984315200	5:1 R-ALF Kit	\$1,050.00

## Rescue Tech

### SKED Evac Tripod

Extends to 9.9ft at the three anchors at the head. Anchors, header, and legs are interconnected with 1/2" stainless steel bolts for high strength. At full extension 119" strength is 5,280lbf.

When you enter an unknown environment, you need all the information you can get, as quickly and as easily as possible. The Dräger UCF 9000 produces videos and high-resolution digital images for complex firefighting, Operations, search and rescue, hazmat, and more.

- 44% more detail than other TIC's
- Extended battery life.
- 4X zoom.
- Wide 57-degree field of view.
- Laser pointer.
- Video playback.
- Modes:
  - Fire (firefighting)
  - Persons (search and rescue)
  - Thermal scan (searching for hot spots)
  - Outdoor (searching for persons outside)
  - Hazard (leak detection and level indicators)
- Standard kit includes: UCF9000 camera, desktop, battery charger, charging cords, IFU, software disc, and crawling plate.

## Booster Pumps

### Breathing Air Booster Pump (BST4):

- 2 hp, 230 volt, single or 3-phase.
- Maximum output is 6000psi (air) from as low as 200psi inlet pressure.
- Low noise – only 60 dBA.

### Oxygen Booster Pump (BST4-OXY):

- 2 hp, 230 volt, single or 3-phase.
- Are you using all of your oxygen? Now you can boost your oxygen supply from as low as 100psi to as high 3500psi. Call for more information and pricing.

## Bauer

### Containment Fill Stations

Our 5.5 series of containment SCBA/SCUBA fill stations were independently tested to the same rigorous standards and stringent test parameters dictated by NFPA 1901 that our CFSII series was, however in the testing of the 5.5 series Bauer utilized 110 cu. ft. 5500psi SCBA's in lieu of 88 cu. ft. 4500psi SCBA's.

- Complete with cylinder scuff guard, SCBA fill connection, fill hose, and bleed valve.
- Fill control panel.
- Mounting base.
- Bottom venting.
- Hands-free door interlock.
- Ergonomic loading height.

**CET**

**Glider Kit**

**Call your local rep to build a spec to fit your department's needs**

- One Manufacturer, one shipment to track, one service and warranty source
- CET Drop-In units are built with any standard features
- CET lightweight aluminum flatbed body
- Wide variety of cabinets, doors, trays (sliding or fixed) made from high impact polypropylene or rigid aluminum sheet
- The Glider kit package can be installed on a cab and chassis with supplied "U" bolts, Teflon "dielectric" pads and brackets. The design allows the body and flatbed to withstand greater levels of stress that can distort other commercial style of flatbeds
- A truly 'off road' flatbed!
- NFPA and DOT compliant where applicable.

35CFM Gas CAFS System

**CET**

**35CFM Gas CAFS System**

**Engine**

- 27hp Kohler gas engine at 3600rpm.
- 2 cylinders, 4-stroke, air-cooled.
- 20-amp alternator.

**Water Pump**

- 175gpm at 100psi.
- Max flow: 225gpm.
- Max pressure: 145psi.
- Single-stage centrifugal pump.
- Direct drive.
- Stainless steel piping.

**Compressor**

- Oil-injected piston type.
- 35cfm at 125psi.
- Water-cooled heads system.
- Belt drive.

**CAFS System**

- NFPA 125gpm and 35cfm at 125psi.
- 4 outlet discharges 1" or 1.5".
- Automatic balancing system.
- 1" tank fill line.
- 2.5 tank to pump 2.5" intake.

**Dimensions**

- 34"L x 44"W x 26"H.

**Weight: 650lbs**
