**Veridian Turnout Gear**

**Velocity Series**

Designed for rapid response. Velocity's ergonomic design is engineered to provide fire-fighters with an unrestricted full range of motion. Ultra Flexknee triple pleated trousers provide unsurpassed comfort. Velocity's Ultra Flexwing expanded back coat delivers a bind free reach. The flex elbows adds outer shell pleats combined with liner darts to provide a natural contour at the elbow, while complementing the integrated seamless underarm bellows. Engineered with minimal seams for maximum durability.

## Viking

### MACS Turnout Gear

- Turnout gear that's got your back.
- The increased cancer risk among firefighters is a major concern all over the world – and when you are out on a call, your turnout gear is often exposed to dangerous particles.
- Viking has developed and tested a tactical solution for the next generation of protection, with the new MACS gear, you remove the contaminated outer shell after putting out the fire, leaving the liner as a wearable and weather protective suit for the road home.
- Personalize your gear like never before!
- Inspired by the flexibility of modern combat gear, Viking MACS has a modular personalization system of webbed loops, allowing you to place pockets, pouches, or other accessories right where you want them.

502004

**Haix****Fire Hunter Boots**

Perfect choice for a tight budget! Waterproof and breathable leather with sun reflect.

Item #	Price
502004	\$337.15

501605

**Haix****Fire Hunter Xtreme Boots**

The service boot that has the comfort of a lace boot. Waterproof and breathable and offers chemical and blood borne protection.

Item #	Price
501605	\$407.20

507502

**Haix****Fire Eagle Air Boots**

Today's fire ground is not the same as those of the past. Lighter weight building materials makes for structures that can be more unstable and require quick changes in response. The new Fire Eagle® Air sets the standard for the modern-day firefighter.

Lighter in weight and slimmer in design than all of its predecessors, the Fire Eagle® Air has an athletic fit and feel, yet offers the highest degree of protection when on the frontline of a firefight. Fire Eagle® Air will keep you lighter and quicker on your feet and more responsive to the fire. From the very first step in the Fire Eagle® Air you will feel that rare combination of comfort and safety that is the hallmark of a HAIX® boot.

Item #	Price
507502	\$432.00

0912

**Black Diamond****X2 Leather Boots**

Removable insoles accommodate medium, wide, and extra wide widths in one boot size. A 3-point heel locking system reduces heel slippage to increase mobility while keeping your foot in place. The footbed is made with TPU heel cradle for comfort, anti-odor, anti-fungal, breathable and shock absorption for overtime comfort.

Item #	Price
0912	\$336.00

507101

**Haix****Fire Hero Xtreme Boots**

Features an ankle flex system for foot and ankle support. Extremely slip resistant and has comfortable bootstraps and padded shins.

Item #	Price
507101	\$441.15

605113

**Haix****XR1 Airpower Boots**

The XR1 is a dual certified wildland firefighting and EMS boot. It is waterproof and breathable with the added benefit of chemical and blood borne pathogen protection.

Item #	Price
605113	\$319.00

506005

**Haix****Fire Flash Xtreme**

Fire Flash Xtreme is a great alternative for those hard to fit guys who have trouble stepping into pull on bunker boots. These structural fire boots can accommodate wider calves and/or ankles with its adjustable built in lacing system. With the easy run lace/zip system, you can be assured that you can step quickly in and out, especially with the added pull tab at the back. Flex zone construction around the tongue ensures you will still have the flexibility to perform the job at hand.

Item #	Price
506005	\$459.00

9451

**Black Diamond****Rubber Boots**

Designed for maximum comfort and an accurate fit. The Enersole System includes a high-density polyurethane midsole that absorbs energy. The second layer of comfort includes an Ortholite breathable polyurethane footbed that provides all-day comfort. The footbed fabric cover absorbs perspiration and is removable for fast drying.

Item #	Price
9451	\$160.00

111005

**Haix**

**Missoula Boots**

The Missoula was built especially for the wildland firefighter and hiker. The lighter weight alleviates leg fatigue, since the less weight you have on your feet, the less energy you have to expend while walking. Haix®

Missoula uses thicker, breathable European leather and minimal seaming to increase stability and durability.

Item #	Price
111005	\$289.50

330016

**Haix**

**Black Eagle Athletic 2.1T Low Shoe**

The new Black Eagle Athletic 2.1T Low version has an extremely breathable, softer microfiber design that will keep feet drier and more comfortable even after long hours in the heat. HAIX® has also given the lace pocket flap on the tongue a more streamlined look, allowing the laces to be stored tightly and out of the way so they don't get caught up and become a tripping hazard. And because it's metal free, you can wear it anywhere even when working around metal detectors.

Item #	Price
330016	\$123.20

06004

**Icetrekkers**

**Diamond Grips**

Diamond Grips provide aggressive traction for all winter walking conditions. They are also effective when transitioning through gravel, rock, and mud from icy surfaces. Made of case hardened steel alloy, and

strung on steel aircraft cable, the patented Diamond Beads have hundreds of biting edges that grip in all directions. The bead assemblies are riveted to a tough rubber sling which remains elastic in subzero temperatures. They are easy to put on and take off, yet fit snugly and stay on without the need for additional straps. Diamond Grips are also self-clearing, so there is no snow or ice build up.

Item #	Size	Price
06004	5-6	\$44.95
06005	6.5-9	
06006	9.5-12.5	
06007	13 - up	

620006

**Haix**

**Black Eagle Safety 52 Mid Shoe**

The lightest safety shoe from Haix®, the Black Eagle Safety 52 includes sun reflect technology that reflects the sunlight to reduce the heating effect of the upper leather and keep your feet

cool. A breathable, moisture-wicking insole adds more cushioned comfort to these boots. Pronation support helps your lower leg handle shock by following the natural movement of your foot while you walk or run. Waterproof leather construction features a durable slip-resistant sole for heel-to-toe control in all climates.

Item #	Price
620006	\$215.80

BOPS6001

**Black Diamond**

**Battle Ops 6-inch Waterproof Tactile Boot**

Battle-OPS offers a new station boot that is waterproof, but it lets your feet breath. It offers heel comfort pods to secure the ankle for a perfect fit, it also has removable inserts and provides more toe room for comfort. The toes on these boots are easy to polish for uniform coordination. The boots are approved by the American Podiatric Medical Association.

Item #	Price
BOPS6001	\$76.95

06060

**Icetrekkers**

**Chains**

Icetrekkers Chains are like tire chains for your feet, perfect for all ice and snow conditions. Chains can be used on a variety

of footwear and are comfortable for extended wear. The square links are individually TIG welded and made from casehardened steel, enhancing traction on ice while still providing dependable traction on snow. The durable rubber sling is flexible in sub-zero temperatures and stays securely on footwear even in deep snow.

Item #	Size	Price
06060	5-6	\$24.95
06061	6.5-9	
06062	9.5-12.5	
06063	13 - up

091-215-12

### Kusmaul Electronics Auto Charge System

- 18A total: 15 Amp battery charger, 3A battery saver
- Precision voltage controller senses battery voltage, eliminating need for sense wires.
- Battery type selection switches.
- 3-year warranty.

Item #	Description	Price
091-215-12	Auto Charge 1000 PLC	\$650.90

091-55-15-120

### Kusmaul Electronics Super Auto Eject

- Designed specifically for emergency vehicles, it automatically disconnects shoreline and is completely sealed.
- 2-year warranty.

Item #	Description	Price
091-55-15-120	120 Volts AC, 15 Amps	\$291.60
091-55-15-12V	250 Volts AC, 12 Volt DC, 15 Amps	\$291.60
091-55-20-120	120 Volts AC, 20 Amps	\$323.90

091-9-12V

### Kusmaul Electronics Air Compressor Auto Pump

- 100 psi max rating, 12V, 11A.
- Vehicle mount compressor ensures truck air brake system is properly pressurized for immediate dispatch from station. There is no interference with engine mounted air compressor. Made with sealed ball bearings for a long service life.
- 1-year warranty

Item #	Description	Price
091-9-12V	Auto Pump, 12 Volt	\$575.80

091-18WP-012

### Kusmaul Electronics WP Auto Eject

- Designed specifically for emergency vehicles, it automatically disconnects shoreline. Weatherproof cover is included.
- 2-year warranty

Item #	Description	Price
091-18WP-120	120 Volts AC, 15 Amps	\$226.80
091-18WP-012	250 Volts AC, 12 Volt DC, 15 Amps	\$226.80

### Hannay Booster Reel F4000 Series

- Holds 100' of 1" or 200' of ¾".
- Pressures to 1000 psi.
- Power rewind supplied with comet brake.
- Compact reels.

Item #	Description	Price
F4038-17-18	F4000 Series Manual Hose Reel	\$400.00
EF4038-17-18	F4000 Series Electric Rewind Hose Reel	\$800.00

## Harrington Hose Washers

Accommodates hoses up to 5" using incoming inlet pressure of only 60 PSI. Self-feeding design.

Item #	Description	Price
HHW-300	Washes up to 3" Hose	\$611.00
HHW-500-25NH	Washes up to 5" Hose	\$981.00

## Ready Rack Hose Winder

Hose winder fits mobile, stationary or fixed racks. The winder is for 1" to 4" hose. It winds tight coils or donuts, with the roller guide removing air and water as the hose is rolled. It saves time and manpower with its one-person operation. When the winder is not in use, it collapses to less than 6" deep. Fits racks with 2 1/2" square tube frame.

Item #	Description	Price
HW-1	Hose Winder	\$551.00
TM-2	Trailer Mount	\$144.00

## Ready Rack Hose Washer

The hose washer has no pedals to hold down, resulting in an easy one-person operation. Drive motor powers the washer brushes and exit squeegees for an automatic feed. The water boost pump pressurizes a standard

garden hose to 300 psi for powerful cleaning. Two 10" Nylon Scrub Brushes provide a deep and thorough scrubbing. With a speed of 25 ft./min and the ability to wash and rinse in one process, there is a faster cleaning time. It cleans hoses up to 4" in diameter.

Item #	Description
RRHW	\$14,305.00

## Ready Rack

### Mobile Hose Carts

Save time and eliminate back strain from carrying hose. Four heavy-duty brake casters allow for ease of rolling and hold the cart in place when loading or unloading. Heavy-duty steel rails with a durable red powder coat finish.

Item #	Description	Price
HC-64-2T	72" Two Tier (holds 1,300 lbs.)	\$1,881.00
HC-64-3T	72" Three Tier (holds 2,000 lbs.)	\$2,168.00
HC-96-2T	104" Two Tier (holds 2,000 lbs.)	\$2,404.00
HC-96-3T	104" Three Tier (holds 3,000 lbs.)	\$2,926.00

## Ready Rack PPE & Hose Dryer

- Custom built for firefighter turnout gear and hose to dry items that cannot be dried using a traditional tumble action dryer. Simple controls with factory-preset temperatures ensure proper drying temperature for each item. Made from heavy-duty steel with a white powder coat finish.
- Standard accessories include: 4 PPE hangers, 2 boot hangers, and 1 glove rack, which holds 26 gloves. Additional accessories available.

Item #	Description	Price
FH6G	PPE and hose dryer	\$8,949.00
MHD-42	Hose drying rack for PPEHD	\$759.00
AFGH	Air flow glove hangers	\$431.00
AFCW	Air flow coat hanger	\$352.00
AFDH	Air flow boat hanger	\$431.00

HT50

### Flamefighter Hose Tester

•Complies with NFPA standards. A wheeled cart with a built in tool tray. The motor and pump can be removed from the cart for easy transport. It is made with stainless steel ball valves and fits a standard 36" doorway. Capable of testing up to 6" diameter hose. 3 gallons/min at 600 PSI and 300 ft. per discharge.

- A built-in pressure washer is optional and includes 50 ft. of 3/8" non-marking hose, quick release heavy-duty wand & handle, and a stainless steel nozzle with stream straightener.
- Hose Testers Without Pressure Washer.

Item #	Description	Price
HT50	1½" Fittings 4 Outlets	\$2809.00
HT56	1½" Fittings 6 Outlets	\$3271.00
HT5025	2½" Fittings 4 Outlets	\$2891.00
HT5625	2½" Fittings 6 Outlets	\$3345.00

JAFLINE HD

### ATI Hose Jafline HD Hose

ATI'S JAFLINE HD is a synthetic, double-jacket fire hose that is available in white, blue, yellow, tan, green, red and orange. JAFLINE HD has a rubber lining, offering excellent resistance to ozone. This synthesized rubber

is also more resistant to abrasion and oxidation than natural rubber. The outside jacket is impregnated with a high-tech polymer, offering excellent resistance to moisture and abrasion. JAFLINE HD is available in lengths of 50 and 100 feet and can be coupled with NST, NPSH or other, special order couplings. Shorter lengths are available by special order.

Item #, Dimensions	White (Price)	Color (Price)
JAFLINE HD-1.5-050 1.5" x 50'	\$106.25	\$120.00
JAFLINE HD-1.75-050 1.75" x 50'	\$120.00	\$136.00
JAFLINE HD-2.5-050 2.5" x 50'	\$171.00	\$191.00
JAFLINE HD-3.0-050 3" x 50'	\$244.00	\$265.00

JAFRIB-LDH

### ATI Hose

#### JAFRIB LDH Rubber Cover Hose

ATI'S JAFRIB large diameter hose is a synthetic, single-jacket hose with a nitrile/PVC rubber lining and cover. JAFRIB is made in a single extrusion, eliminating the risks of jacket separation. The outside jacket offers superior resistance to acids, alkalis, oils, gasoline and ozone. JAFRIB is available in red and yellow, in lengths of 50' and 100' and can be coupled with NST, NPSH, Storz or other, special order couplings. Shorter lengths are available by special order.

Item #	Dimensions	Price
JAFRIB-40-25	4" x 25'	\$206.00

JAFRIB-60-50	6" x 50'	\$697.00
JAFRIB-60-100	6" x 100'	\$1,122.00

### ATI Hose Forest Lite Hose

FOREST LITE is a single jacket, circular woven, 100% high tenacity polyester hose intended for forestry and wildfire firefighting. It is available in 1" and 1 1/2" diameters, typically in lengths of 50' and 100'. It can be coupled

with NH, NPSH, special threads or 1/4 turn. Field detachable couplings are also available for 1" hose. FOREST LITE meets U. S. Forest Service Standard F-187.

Item #	Description	Price
FOREST LITE-1.0-50-W	1" x 50' - White	\$68.00
FOREST LITE-1.0-50-Y	1" x 50' - Yellow	\$74.00
FOREST LITE-1.5-50-W	1.5" x 50' - White	\$78.00
FOREST LITE-1.5-50-Y	1.5" x 50' - Yellow	\$88.00

## ATI Hose

### ARMTEX HP Hose

Suitable for use and recommended for firefighters, ARMTEX is widely used by industrial fire brigades in manufacturing, petrochemical, marine and nuclear power industries. ARMTEX is FM Global (Factory Mutual) approved. The hose is made from 100% high tenacity synthetic yarn, circular woven and completely

protected by an extruded through-the-weave synthetic rubber, forming a single homogenous construction without the use of glues or adhesives of any type. The ultimate tensile strength of the lining and cover shall be not less than 1,750 p.s.i., with an ultimate elongation of 450% minimum.

Item #	Dimensions	Price
ARMTEX HP-1.75-050	1.75" X 50'	\$224.00
ARMTEX HP-2.5-050	2.5" x 50'	\$297.00

## R&B Fabrication

423RD

### High Rise Hose Pack

A hose pack that allows one person to carry up to 150 ft. of 2" hose with nozzle and adapters for standard pipe hook-ups. The pack can also be used for wildland fires. Made of 1000

denier Cordura® nylon with web carrying handles and shoulder strap for use as a backpack.

• 26"H x 18"W x 7"D. Wt. 28 oz.

Item #	Price
423RD	\$107.00

HSH-30-25NH-10

## Harrington

### PVC Suction Hose

Flexible suction hose with a 24% tighter bend radius. Long life due to high UV inhibitors. Clear PVC hose allows for visual indication of water movement. Coupling can easily be removed in the field with standard Allen wrench. The couplings are hard coated to Military spec Type III specification for added abrasion resistance. The construction of the hose also features beveled segment edges for easy loading into hose chutes.

Item #	Description	Price
HSH-30-25NH-10	3" x 2.5" NH rocker lug male x long handle female	\$157.00
HSH-40NH-10	4" x 4" rocker lug male x long handle female	\$359.00

REDARM1

## ATI Hose

### Armored Reel Lightweight Booster Hose

ATI'S ARMORED REEL is a semi-rigid hose that replaces the heavy red rubber booster hose that was traditionally in use. Its jacket is continuous high tenacity polyester in a plain weave combined with a rigid and heavy polyester helical interior reinforcement, yielding a lightweight, yet extremely durable booster line. ARMORED REEL is red and available in lengths of 50', 100', 150' and 200'.

Item #	Description	Price
REDARM1-50	1"-50'	\$148.00
REDARM1-100	1"-100'	\$267.00

DP15-800-ECO

### Key Hose

#### Eco-10 Attack Hose

Lightweight double jacket rubber lined attack hose. Made with a 100% synthetic all polyester double jacket and has thin wall high tensile EPDM rubber liner. A special reverse twill construction reduces friction loss by 25%. The hose is mildew resistant and there is a double dip Key-Lok process available.

Item #	Dimensions	White (Price)	Color (Price)
DP10-800-ECO	1.0" x 50'	\$104.00	\$118.00

### Harrington

#### Hose Rollers

HHR-1

HHR-2

Field tested hose roller with full 90 degree opening, flattens fire hoses up to 5" in diameter and squeezes out water, ice and air. 2-man hose roller can handle hoses 6" in diameter. The heavy-duty roller is made of aluminum construction but still lightweight, weighing less than 5 pounds. The roller measures 2"x4"x 22" long.

Item #	Description	Price
HHR-1	One Man Hose Roller	\$180.00
HHR-2	Two Man Hose Roller	\$158.00

DD100

### R&B Fabrication Double Donut Strap

The Double Donut Strap holds two 50 ft. sections of 1¾" hose. It is made with heavy-duty nylon webbing and high-shear strength Velcro®. With the

strap, hose stacks and is compact enough to fit into compartments. The shoulder strap aids in carrying and deploying hose. Pre-coiled hose gives you the option to add on to an existing hose lay or reduce a larger line. The strap is adjustable from 42" to 50".

Item #	Price
DD-100	\$93.80

78

### Akron Hose & Ladder Strap

- Secures hose up to 3" on ladders, fire escapes, and more. Also aids in the handling of hose.
- Made with anodized aluminum fittings with

1" wide, flat, water-resistant nylon webbing. Fits ladder rungs up to 2" O.D. Weight: 1 lb.

Item #	Price
78	\$83.35

39540RF

### Flamefighter Folding Hose Bridges

- The hose and cable bridges are robust and resilient. The bridges come with tabs to prevent them from coming apart when laid out together. Both sides are held together with a non-rusting cable so that it remains elastic even on uneven ground.
- Made with twin channels, reflective strips, molded rubber, and puzzle locks. Economical hose line protection for up to 5" LDH hose line. The bridges are 12" wide and can be interlocked to almost any width.

Item #	Description	Price
39540RF	Set of 2, fits 3" – 4"	\$532.00
39600RF	Set of 2, fits 5"	\$690.00

LDH-01-YL

### R&B Fabrication Large Diameter Hose Strap

The Large Diameter Hose Strap assists in getting large diameter hose off the hose

bed for attachment to a water source safely and allowing the engine to proceed for fire operations. Constructed of 3" nylon webbing, with a tensile strength of 22,550 lbs., and strong stitching with heavy brass rivets. A quick-release webbing strap allows for the strap to be secured to the engine's top grab bar. This device allows the firefighter to pull the hose off the rig and place it over a hydrant with additional hose secured with the hook & loop strap with plenty of spare hose for attachment. A heavy hook & loop closure with a zinc plated adjuster is used to secure the hose. Length: 60" Wt. 32 oz.

Item #	Price
LDH-01-YL	\$72.45

HS-150

### R&B Fabrication Hose Strap

Straps securely hold 100', 150', or 200' of 1¾" double-jacketed fire hose, the most commonly used attack hose in the fire service. Ideal for cross lays, quick attack

lines or standpipe operations. Strap consists of quick release Velcro® closures. With the strap, hose remains organized and ready for rapid and easy deployment. Once at your point of attack, straps can be opened and hose advanced. Know exactly how much hose you have, and how far you can go.

Item #	Dimensions	Price
HS-100	100' (adjustable circumference: 14"-24")	\$93.30

## Harrington Hydrant Gate Valve

This gate valve with a non-rising stem is excellent for hydrant and other water control. There is a spinning knob on the hand wheel for easy open/close, with a built in slow close safety operation. Lightweight anodized all metal corrosion resistance construction and a stainless steel spindle.

Item #	Price
HHGV-25NH-25NH	\$247.00

H500S

## Harrington

### Stainless Steel Piston Intake Valve with Relief Valve

Traditional piston intake valve design used for pumper intake control. Features a 30 degree integrated elbow, a field adjustable pressure relief valve, and an air bleeder valve. There is a stainless steel piston, sleeve, and spindle for corrosion protection or brass piston and sleeve for extra corrosion resistance.

## Harrington Hydrant Ball Valve

Quarter turn, full flow, 2.5" ball valve for double dressing hydrants, tanker fill site, in line water flow control, or other portable uses. Lightweight durable ball valve, hard coated ball, full flow design, multiple portable uses for control of water flow.

Item #	Price
HHBV-25NH-25NH	\$283.00

**Akron**

7982

7983

### Revolution Intake Valve

The compact design of the intake valve saves valuable space on your pump panel. The hand wheel blends in with the body and will not obstruct surrounding equipment on the pump panel. It's also easy to grab and adjust, providing simple and easy operator control. Utilizing a ball sector for controlling water flow, the Revolution intake valve is reliable and robust.

Item #	Description	Price
7982	Revolution intake valve with 30° swivel elbow inlet	\$2,026.00
7983	Revolution intake valve	\$1,957.00

#### Leader Line Wye

Excellent for forestry and high-rise packs.

Item #	Description	Price
H201-25NH-15NH	2.5" F x (2) 1.5" M	\$327.00
H202-25NH-25NH	2.5" F x (2) 2.5" M	\$375.00

### Harrington Hydrassist Valve

For boosting pressure on long hose lays or for boosting low hydrant pressures. The lightweight hydrant valve enables the

first-in pumper to lay LDH directly from the hydrant to the fire and when hose lay is completed, start flowing water from the hydrant. If additional pressure is required, another pumper can connect to the Hydrassist valve and start pumping to raise pressure and flow without interrupting the established water supply. The valve provides an emergency shutdown capability.

Item #	Description	Price
H700-40-45NH	4.5"NH F Long Handle x (3) 4" Storz	\$1,701.00
H700-50-45NH	4.5"NH F Long Handle x (3) 5" Storz	\$1,612.00

### Protek Forestry Wye

Used to divide a single flow, allowing attack lines to be extended from a main supply line. They operate

easily even at high flows and have minimal friction loss. Male adapters are easily removed for seat adjustment.

### Harrington Elbow Storz x Female Swivel Rocker Lug

Short 30 Elbow adapter, hard anodized and powder coated for corrosion resistance and protection.

• Add \$15.00 for long handle.

272799000

This eDRAULIC® cutter can't wait to get its blades around today's bigger, stronger, meaner steel with an 8.03-inch opening. It has no problems with modern B posts and tool swing challenges aren't a problem when cutting A and

B posts either — just cut them easily at a comfortable perpendicular angle. This cutter is so strong it gets an NFPA rating of 9 in all categories, making it the best in class cutting force where you need it.

- Length is 39.8", width is 10.9" and height is 11.1"
- Weight is 55.8 lbs.
- Cutter opening is 8.03".

### High Pressure S799 Cutter

This tool loves getting its cutting blades around today's bigger, stronger steel with an 8.03-inch blade opening. It'll complete most B-post cuts with one bite. It also reduces tool swing challenges by cutting A and B posts from its easy-to-handle perpendicular angle. This cutter is so strong with a big bite that it gets an NFPA rating of 9 in all categories, making it the best in its class.

- Length is 32.6", Width is 11.5", Height is 7.4"
- Weight is 47.0 lbs
- Cutter Opening is 8.03"

Item #	Description	Price
272043000	Hurst HP S799 Cutter	\$7,209.00

## Hurst

### High Pressure 28" SP555 Spreader

Our new 10,000psi spreader is 18% lighter than its predecessor and has 13% more full-speed-ahead rescue power. In other words, you get the job done quicker.

To make the SP555 even stronger, the squeezing plates have been integrated into the arms. Its "shark tooth" removable tips have four rows of shark-like teeth, which help it bite and hold onto any material.

- Length is 32.4", width is 11.2", and height is 7.95"
- Weight is 35.7lbs.
- Spreading distance is 28.7"
- Max spread force is 147,924lbs.
- Max pull force is 13,039lbs.
- NFPA 1936 compliant.

### R-ALF Rescue Kit

The R-ALF pulley is the latest innovation in rescue, confined space working, and work suspension systems. The R-ALF pulley has an over-speed break built in so that the pulley will lock and hold when a fall occurs. The load rated Becket eye on the R-ALF means that it can be used in combination with Prussik

pulleys to create a 3:1 or 5:1 mechanical advantage system. Kits are complete with rope for a 33ft lift.

### Aerial Thermal Imaging Kits

Ready to fly aerial thermal imaging packages for professional operators. First responder packages come with several options that will give you airborne thermal imaging support for every call. The ability to see through smoke, keep track of personnel, and watch changing conditions are just a few of the uses. They are also must-have equipment for rapidly deployed SAR missions regardless of the time of day. DroneSense FLIR Edition available to provide automated search patterns, flight logs and more.

- DJI Matrice 200 series aircraft
- Single or Dual stabilized gimbal
- IP43 for weather and water resistance
- FLIR Zenmuse XT2 dual camera
- Optional 30X zoom optical camera
- DJI Crystal Sky monitor or iPad interface
- Optional FLIR DroneSense operating software
- Many options available, call for a demonstration!

### PSS 7000 with Sentinel 7000

Before you can protect the lives of others, you have to protect yourself. The Dräger PSS 7000 SCBA breathing apparatus provides unmatched comfort, durability, and safety in the harshest environments. The ergonomic PSS 7000 combines trusted

pneumatics, flexible fit, and quick cylinder connection, freeing you to concentrate on the task at hand.

- Real-time monitoring of key indicators.
- Built to satisfy the most rigorous demands.
- Innovative harness system provides unmatched comfort and durability.
- Ergonomic 3-position backpack allows freedom of movement.
- Rapid, secure cylinder change-outs save precious time.

### PSS 5000 with Sentinel 7000

To be effective at fighting fires, you need breathing protection you can trust in the harshest environments. The Dräger PSS 5000 is an ergonomically advanced SCBA that offers increased comfort, safety, and performance. With a wide range of configurable features, such as bilateral hose routing and quick cylinder

connection, the PSS 5000 meets your needs wherever breathing protection is required.

## Booster Pumps

### Breathing Air Booster Pump (BST4):

- 2 hp, 230 volt, single or 3-phase.
- Maximum output is 6000psi (air) from as low as 200psi inlet pressure.
- Low noise – only 60 dBA.

### Oxygen Booster Pump (BST4-OXY):

- 2 hp, 230 volt, single or 3-phase.
- Are you using all of your oxygen? Now you can boost your oxygen supply from as low as 100psi to as high 3500psi. Call for more information and pricing.

## Bauer

### Containment Fill Stations

Our 5.5 series of containment SCBA/SCUBA fill stations were independently tested to the same rigorous standards and stringent test parameters dictated by NFPA 1901 that our CFSII series was, however in the testing of the 5.5 series Bauer utilized 110 cu. ft. 5500psi SCBA's in lieu of 88 cu. ft. 4500psi SCBA's.

- Complete with cylinder scuff guard, SCBA fill connection, fill hose, and bleed valve.
- Fill control panel.
- Mounting base.
- Bottom venting.
- Hands-free door interlock.
- Ergonomic loading height.

**CET**

**Glider Kit**

**Call your local rep to build a spec to fit your department's needs**

- One Manufacturer, one shipment to track, one service and warranty source
- CET Drop-In units are built with any standard features
- CET lightweight aluminum flatbed body
- Wide variety of cabinets, doors, trays (sliding or fixed) made from high impact polypropylene or rigid aluminum sheet
- The Glider kit package can be installed on a cab and chassis with supplied "U" bolts, Teflon "dielectric" pads and brackets. The design allows the body and flatbed to withstand greater levels of stress that can distort other commercial style of flatbeds
- A truly 'off road' flatbed!
- NFPA and DOT compliant where applicable.

35CFM Gas CAFS System

**CET**

**35CFM Gas CAFS System**

**Engine**
